

Mrs. Connor's Health Science 1 Class

Best Ways to Reach Me:

Remind

Email: heather.connor@dcctc.org

If you need assistance, please email me or send me a message on Remind.

To sign up for Remind:

Health Science 1 PM: text the message @connorhsp to 81010

Availability for Help

I'm available for help or questions between the hours of 8:30 am and 4 pm although I am understandable that you may need to communicate with me outside of those hours. Communication via Remind or Text message is best and I will try to respond in a timely manner.

My main form of communication will be via email (parent/student) and Remind. I will have detailed explanations of what is to be completed and any attachments needed for the lessons. Students MUST check these platforms daily for any announcements and stay on top of their lessons to be successful.

All Health Science students will be utilizing Health Center 21, as well as other online resources to complete assignments. If something is not understood it is up to the student to contact me for clarification. Upcoming lessons/assignments are posted in the calendar below.

For work-based learning students working on a second certification in CMAA or CBCS, please continue to work on the curriculum in Health Center 21 and let me know when you need testing codes. Follow the pacing guide given to you.

My number one priority is to support the students and help them learn. I will be incorporating some Zoom video conferencing for face to face interactions, so please stay tuned for that.

Thank you,

Mrs. Connor
