

NCCERConnect

****Please make sure to email Miss Sluder the Employability Skills assignments when completed: callie.sluder@dcctc.org.**

*****Employability Skills and NCCERConnect assignments below are due April 30th**

To register and create an account through NCCERConnect follow these steps:

(Also a video explaining how to do it <https://screencast.com/t/9VlrKAgm5>)

1. Go to www.nccerconnect.com
2. In the upper right corner, click on register. (Next to sign-in)
3. On the screen that pops up make sure it says "I am a... *student*." Then click register.
4. It will ask for a course ID, which is: **sluder77188**. Then click continue.
5. On the new screen on the right hand side, it should show our course and my name. In the middle of the screen, under "Create a Pearson Account", click create.
6. Fill out the information required from "email address" through to "security answer", then ONLY click the first box that says you agree to Terms of Use, then click Create Account.
 - a. *Make sure you write down all the info somewhere or put it in your phone. And before you think that you will remember it, think back to all the times ya'll forgot your OSHA or SIMS log in and I told you to write it down. ☺*
7. On the new page, under "Use an Access Code" click Access Code.
8. Enter the 6 word access code next to your name below and click Finish.

DO NOT USE ANOTHER PERSON'S ACCESS CODE. I know they look the same, but the last word is different for each person. I had to pay for each of ya'll to get an account so try not to mess this up please.

Within this online course, there are 7 modules (example: M1: Orientation to the Trade).

Each of the modules includes 4 assignments:

- Reading – Go through the pages to receive full credit
- Concept Checks – Unlimited attempts
- Trade Terms – Unlimited attempts
- Review Questions – ONE attempt.

Make sure that your computer has your pop-up blocker turned off to pull up all assignments.

This online course is as new to me as it is to you, so please bear with me as I figure it out. If you are having trouble with anything, just let me know.

Remember: All of the NCCERConnect assignments AND the Employability Skills assignments are due April 30th.
