

Mrs. Peters' Health Science Classes

Best Ways to Reach Me:

Remind

Email: erin.peters@dcctc.org

If you need to speak to me, please email me or send me a message on Remind and I will call you.

To sign up for Remind:

Health Science 2 AM: text the message @petershsam to 81010

Health Science 2 PM: text the message @petershspm to 81010

Availability for Help

I am always available for help or questions. Between the hours of 9 am and 3 pm is best, but I am understandable that you may need to communicate outside of those hours. Communication via Remind or Text message I am available almost anytime, and can usually respond quickly.

3/25/2020

Dear Parents/Guardians and Students,

Mrs. Peters is posting all assignments that are due for **HEALTH SCIENCE 2** in Google Classroom. Students should be checking Google Classroom daily for any announcements. Mrs. Peters will all send announcements through Remind as well or will send a Remind telling students to check Google Classrooms. Students will be utilizing Health Center 21, as well as other online resources to complete assignments. All lesson plans and assignments through May 15th are posted in google classrooms. Due to COVID-19, we are unsure of when we will be able to complete our CNA clinical so that students may take the CNA exam, so every student enrolled in the CNA portion of HS 2 has been enrolled in an alternative online certification program. They will either complete the Certified Medical Administrative Assistant Program (CMAA) or Clinical Billing and Coding Specialist Program (CBCS) depending on what they chose. Starting April 1, Students will begin to complete these assignments for the alternative certification in Health Center 21 as outlined on the assignment calendar posted in google classrooms. They will then contact me for the online testing code when they finish each unit. Students have been supplied with an outline of assignments due with this program and now a pacing guide. Students who had previously chosen one of these programs instead of CNA should continue to work on it as well and use the pacing guide for deadlines for assignments if they have not worked ahead. I also will also occasionally post a discussion question, or pod cast with questions on google classrooms for the students complete to keep them engaged with the current events going on with COVID-19 in our healthcare system. I am attaching my lesson plans through March 31, plus Calendars for March (HS 2), April (CMAA and CBCS), and May (CMAA and CBCS).

For Work Based Learning (WBL) students who are currently in the community working at a Health Care Facility or at a Health Care Agency; please continue to work, and please continue to keep all of the required weekly paperwork and timecards for Mrs. Mangum. Remember this paperwork

and your timecards is supposed to be turned in weekly. Also, since you can't come to the school for your scheduled one time a week, a requirement of work based learning, please check in with me either via email or remind and let me know how things are going with your CNA position and if you need anything.

For WBL students who are working on a second certification in CMAA or CBCS, please continue to work on the curriculum in Health Center 21. You have the outline of assignments and I will be in touch through remind for what is due. If you have worksheets to turn in to me, please take pictures and send to me via Remind. You will have to do the electronic worksheets in HC 21 from now until we return. Then send me a message on Remind or email me when you are ready for the test code in Mastery connect.

As always, my number one priority is to support your students and help them learn. I am going to try to start incorporating some zoom video conferencing for face to face interactions, so stay tuned for that. If you or your student ever have any questions, please feel free to reach out to me. I have posted above the best ways and times to reach me. I can't wait to be back in the classroom with everyone and doing what we love which is hands on learning.

Thank you,

Erin Peters

	Nervous System Diseases and Conditions	Point values
<p>ENGAGE</p> <p>Begin with completing your lesson, Paper notes given in class if you have them or electronic worksheets in health center 21 if you don't have them. You can use the updated Powerpoint I have posted or the lesson in HC 21 or both. Once notes are completed, please complete quiz on HC 21 for Nervous System. When done, watch the video on Alzheimer's Disease and complete Google Form questions.</p>	<ol style="list-style-type: none"> 1. Complete HC 21 Nervous lesson using Updated Powerpoint posted or HC 21 lesson or both, complete paper notes if you have them or electronic worksheets in HC 21 if you don't, complete the quiz- this will count as the test for this unit 2. Watch this video on alzheimers and fill out the google form below. 3. https://docs.google.com/forms/d/1Jnlv0wk7KzwO13QdkAmOuln4RvObkLDjSgmC4s1_7ks/edit 	<p>HC 21 Notes- 100 pts 50% classwork grade</p> <p>Quiz- this counts as test grade point value- 100 pts 30% test grade</p> <p>#1 Paper Notes take pictures and send to me for grade or submit electronic notes. **Please Listen to the podcast "This Podcast Will Kill You" COVID-19 Chapter 2: Disease at the following link, <https://podcasts.apple.com/us/podcast/this-podcast-will-kill-you/id1299915173?i=1000469210176>. The Podcast is about 45 minutes long and is very interesting regarding COVID-19 virus. I then want you to answer the questions in the google form https://docs.google.com/forms/d/e/1FAIpQLSeL0vODD0BWY3Wv6qjtI6PNi98LIUIbIMc7Dg_EPXTGzHOduA/viewform?usp=sf_link This will count as a Classwork (participation) Grade DUE 3/27/2020 by MIDNIGHT

	Health Maintenance Practice, Wellness, and Nutrition Unit	Point values
<p>EXPLORE</p> <p>Complete the Health Maintenance Practice, Wellness, and Nutrition Current Events Report</p>	<p>Choose ONE of the current event articles listed in the instructions. Read the article and complete the current events report form in google forms. Use the attached grading rubric for grading procedures.</p> <p>Instruction Sheet: https://docs.google.com/document/d/1QyhN3zid7v23VDI3dK7TrbNkGcCb5-jdiL-q7Dt2KWI/edit</p> <p>Current Events Form Google Form: https://docs.google.com/forms/d/1qDHi03NI-j-bnkt0M9teEV9nMJCPaKxUFNDXLm-GsU/edit</p>	<p>Submission on “Explore” Assignment to GCR is worth 100 pts 50% classwork grade.</p> <p>(Done on time, and all requirements met)</p> <p>DUE DATE: 3/30/2020 by 10 pm</p>

	Job Seeking Skills Unit Lesson Plans	Point values
<p>ENGAGE</p> <p>Build a resume that you can use when you are ready to find your first healthcare job position.</p>	<p>1. Follow the attached instructions for building a resume. This resume will be used when you are ready to find your first healthcare job position. You will need to list career objectives and related experiences and skills; highlight education including special honors, courses, internships, etc; and clearly summarize work or other related activities, certifications, and experience. You also need to provide 3 references (not family) on a separate page. Please follow grading rubric. I will also attach a powerpoint that I have used in the past when teaching about resumes which is a good resource, as well as a resume worksheet to help you organize your information for your resume, and several sample resumes including my own. Please plan to type this in Microsoft Word or Google Docs. If you do not have access to a device to word process on while we are out of school please let me know and you can hand write your resume for now and word process once we return to school. Please let me know if you have questions or need help.</p>	<p>Resume- 100 pts 50% Project Grade</p> <p>DUE DATE 3/31/2020 by 10 pm</p>
