

Tice morning EMS class

Please use the healthcenter21 website (<https://learn.aeseducation.com/>) and complete the trauma unit. **This is lessons 1-10.** I have packets available at the school for in person pickup (**until Tuesday 3/17/2020 at 2:30pm**), if not there is an electronic worksheet at the top of each lesson that you can utilize for note taking.

Tice afternoon PCT class

Please use the NHA website (<https://certportal.nhanow.com/>) to complete your lessons. I would like for you to complete the EKG module and take the quiz at the end. **Only one attempt on the quiz.** If you take the quiz more than once the first grade will be entered in PowerSchool. When you are done with the EKG module please complete the Infection Control module and quiz. **Again one attempt on the quiz.** Let me know if you have any issues before the end of the two weeks.
