

Dear Parents/Guardians and Students,

All Assignments for Mrs. Peters' Health Science 2 Classes will be posted in the Google Classroom. Please look for the attachment on the main thread that tells you the assignments and due dates and times. Some assignments will be turned into Google Classroom and some will be turned into Health Center 21 or Mrs. Peters directly via remind or email. Mrs. Peters will notify students when a new attachment with unit assignments is posted to Google Classroom via the Remind app. The first attachment with assignments for the Nervous System unit was posted on 3/16/2020.

All Assignments for Mrs. Peters' Health Science WBL students, I will contact you directly through the Remind app and let you know your assignments and due dates.

I will be available via Remind from 9am-10:30am and 1 pm-2pm daily for any questions. If you need additional "Live" help, I am willing to set up a zoom meeting once or twice a week if necessary, just please let me know if this is needed. Please let me know what I can do to help, and I can't wait to see everyone again soon. You can always reach me through the remind app or email erin.peters@dcctc.org.

To sign up for Remind:

Health Science 2 AM: text the message @petershsam to 81010

Health Science 2 PM: text the message @petershspm to 81010

Thank you,

Erin Peters, Health Science Instructor Trolley Road Campus
